Slow pace of seafarers' vaccinations might not prevent outbreaks on ships from causing more trade disruptions and endangering maritime workers.			13-Jul-21
All berths at the port of Yantian, part of the Port of Shenzhen in southern China, will be fully operational as the virus situation is now under control. The company closed three berths on May 21 to address the outbreak, which infected some of its workers. The disruptions in Shenzhen, the world's fourth-busiest container port, have sent shipping costs to record highs.	G-Captain	https://gcaptain.com/category/shipping/	23-Jun-21
