

State / Territory	Restrictions (Other Info)	Restriction Period	Source of Info	URL / Remarks
American Samoa	State of Emergency is extended until 18 May 2021. Color-coded system to guide response. Current level is Code Blue. All entry permits suspended until further notice. All travellers must provide negative COVID-19 test results within 72 hours before arrival and are subject to full quarantine of 14 days. Moreover, the traveller is required to disclose if he/she had a positive result prior to testing negative. Cargo flights into the Territory to deliver or retrieve cargo or mail will be allowed, provided that each occupant of the plane must furnish proof to the Director of Health of a negative COVID-19 test results within 72 hours before arrival, and further provided that no one will disembark without the prior written approval of the Governor.	Until 18 May 2021	American Samoa Government, 15 April 2021	https://www.americansamoa.gov/
Australia	Quarantine free travel between Australia and New Zealand will commence at 21:59 AEST on 18 April 2021. All travellers who have been in either Australia or New Zealand for 14 days can travel by air between Australia and New Zealand quarantine free, without the need to apply for a travel exemption. This includes travellers who have spent all 14 days in either safe travel zone country, or people who have travelled between the two countries and are returning within the 14 day period. All people residing in Australia or New Zealand (including foreign nationals) can use quarantine free travel, as long as they meet the health, immigration and other standard border clearance requirements in each country. All travellers should check the arrangements in their place of arrival and their place of final destination as quarantine requirements may apply in certain circumstances.	UFN	Australian Department of Home Affairs, 22 April 2021	https://covid19.homeaffairs.gov.au/
Australia	Unless arriving to Australia on a quarantine-free flight from New Zealand, travellers to Australia (including Australian citizens) must quarantine for 14 days at a designated facility in their port of arrival. See Coronavirus (COVID-19) advice for travellers. You may be required to pay for the costs of your quarantine.	UFN	Australian Department of Home Affairs, 24 March 2021	https://covid19.homeaffairs.gov.au/
Australia	A negative COVID-19 Polymerase Chain Reaction (PCR) test result taken 72 hours or less before your scheduled departure is required for travelling to or transiting through Australia unless you are travelling on a quarantine-free flight from New Zealand.	UFN	Australian Department of Home Affairs, 19 March 2021	https://covid19.homeaffairs.gov.au/
Australia	Before you travel to Australia, you should complete the Australia Travel Declaration at least 72 hours before your departure for Australia.	UFN	Australian Department of Home Affairs, 11 March 2021	https://covid19.homeaffairs.gov.au/
Commonwealth of Northern Mariana Islands	The CNMI is establishing a process to consider modified quarantine for returning residents who plan to quarantine on Saipan.	UFN	CNMI Government, 16 March 2021	https://governor.gov.mp/covid-19/travel/
Commonwealth of Northern Mariana Islands	All passengers who are travelling into Saipan (regardless of point of origin) must quarantine for a minimum of 5 - 7 days at their designated government quarantine facility. Currently, COVID-19 vaccination prior to entering CNMI does not influence quarantine assessment and process. Upon arrival at their designated government quarantine facility, all travelers are required to undergo 1 st day testing. In addition, all travelers are required to test a second time on the 5th day after their arrival date. If 5th day testing returns negative, individuals may be released from the designated government quarantine facility.	UFN	CNMI Government, 11 February 2021	https://governor.gov.mp/covid-19/travel/
Cook Islands	Effective from 11.59pm Saturday 6th March 2021 (CKT), the following persons are exempted for entry into the Cook Islands, provided they additionally meet the entry criteria specified below; Cook Islanders (as verified via Cook Islands Status stamp), Permanent Residents of the Cook Islands, Cook Islands work permit holders and Cook Islands resident permit holders. The above must have spent the last 14 days in New Zealand and/or the Cook Islands, prior to entry into the Cook Islands Clinical/medical criteria to be administered by Te Marae Ora Ministry of Health prior to departure from Auckland, New Zealand; provided a negative COVID-19 test within 72 hours prior to departure from Auckland, New Zealand. All requests for entry into the Cook Islands must be sought from the Ministry of Foreign Affairs and Immigration (Te Kauono Tutara e te Mana Tiaki) on email: immigration2@cookislands.gov.ck .	UFN	Cook Islands Government, 5 March 2020	https://cookislands.travel/news/novel-coronavirus-information-travellers-arriving-cook-islands
Federated States of Micronesia	Declaration of Public Health Emergency Extended to 31 May 2021; May 13th Planned for Repatriation of Stranded Citizens	Until 31 May 2021	FSM Information Services Press Release, 5 April 2021	https://gov.fm/
Fiji	The ports of Lautoka and Suva will remain open for international freight shipping and inter-island cargo shipping.	UFN	Fijian Government, 25 April 2021	https://www.facebook.com/FijianGovernment/posts/4256215764411326
Fiji	OUTBOUND PASSENGERS ON REPATRIATION FLIGHTS Arrangements have been made for all outbound passengers travelling on repatriation flights for transfers from the main checkpoints on either side (Nadi and Lautoka) of the border to Nadi International Airport. All outbound passengers must have COVID 19 swab results (e-copy is accepted) with them. Outbound passengers are advised to obtain a pass from the nearest Police Station, if they need to travel during curfew hours, by providing their travel itinerary and swabbing receipt from the Ministry of Health and Medical Services. All passengers will be advised to present themselves at the lockdown checkpoint 4 hours prior to flight departure. The Republic of Fiji Military Forces will make arrangements for the transfer of outbound passengers from the lockdown checkpoint to the Nadi International Airport. INBOUND PASSENGERS ON REPATRIATION FLIGHTS All transfers for inbound passengers from the Nadi International Airport to their quarantine facility will still be provided by the approved quarantine transfer. INBOUND PASSENGERS ENDING OR NEARING END OF QUARANTINE PERIOD AT THE QUARANTINE CENTRES All inbound passengers who have completed their 14 days quarantine and tested negative on the second test will be transferred from the quarantine facility to the lockdown checkpoint by the Republic of the Fiji Military Forces. The RFMF will arrange transport to pick the guests ending their quarantine period from their hotels and will transport them to the lockdown point at the borders. Each quarantine passenger must make their own arrangement for a family member or contact to pick them up at the border of the lockdown point.	UFN	Fijian Government, 20 April 2021	https://www.fiji.gov.fj/Media-Centre/News
French Polynesia	The Islands of Tahiti will reopen to tourism as of May 1. Until April 30, for travelers with a compelling reason, the existing health protocol remains unchanged.	UFN	French Polynesia Government, 7 April 2021	https://tahititourisme.ca/en-ca/covid-19/
French Polynesia	As of Wednesday, February 3rd, travel is authorized only for travelers who can justify one of the compelling reasons (health, professional, family, return home) as described on the website of the High Commission. The duration of this measure will be specified in the coming days. All travelers aged 11 and over who travel to French Polynesia by air are subject to the following mandatory conditions: Prior to boarding: Proof of a negative RT-PCR test (any RT-PCR test listed on this FDA site is allowed) carried out within three days prior to their international air departure. If the result is not obtained in due time, a certificate of completion of the RT-PCR test must be presented to the airline company, together with a negative result to an antigen test performed on the day of boarding. Any antigen test listed on this FDA site is acceptable for the same-day test in the event the RT-PCR test result was not received. Self-tests are not accepted. Present the receipt of the health registration from the Etis.pf platform (Electronic Travel Information System). Present the certificate of derogatory travel and the declaration on honour completed and signed.	UFN	French Polynesia Government, 15 February 2021	https://tahititourisme.ca/en-ca/covid-19/
Guam	Extension of Public Health Emergency beginning 1 April 2021.	Expires on 1 May 2021	Guam Department of Public Health and Social Services, 30 March 2021	http://dphs.guam.gov/covid-19/
Hawaii	Governor Ige issued the nineteenth supplemental proclamation, which includes mention of an anticipated new exception for vaccinated travelers that will become effective only upon approval by the director of the Hawaii Emergency Management Agency. This exception is not available as of today. All transpacific travelers are required to have a negative test result from a trusted travel partner before their departure for Hawaii, in order to bypass the mandatory 10-day quarantine. Test results will not be accepted once a traveler arrives in Hawaii. Travelers who do not have a negative test result prior to departing for Hawaii must self-quarantine for 10 days.	Until 8 June 2021	Office of the Governor of Hawai'i, 9 April 2021	https://www.hawaiiourismauthority.org/covid-19-updates/state-and-county-orders/

State / Territory	Restrictions (Other Info)	Restriction Period	Source of Info	URL / Remarks
Japan	From March 19, 2021, all travelers including Japanese nationals have to submit a certificate of negative test result conducted within 72 hours (from the sampling time to departure time of the flight) when entering Japan. Those who do not submit a certificate of negative test result will be denied entry into Japan in accordance with the Quarantine Act. Airline companies will reject boarding those without one. Please consult with Embassies or Consulates or Consular Office of Japan in case it is truly difficult to obtain the certificate of negative test result.	UFN	Japan Ministry of Foreign Affairs, 19 March 2021	https://www.mofa.go.jp/pd/ipr/page7e_900126.html

Samoa	The Government issued the extension of the State of Emergency commencing on the 12th of April until the 9th May, 2021.	Until 9 May 2021	Samoa Government, 7 April 2021	https://www.samoagovt.ws/category/latest-news/
Singapore	The Multi-Ministry Taskforce regularly reviews our border measures to manage the risk of importation and onward local transmission from travellers. Given the surveillance regime that we have put in place for travellers serving Stay-Home Notice (SHN) at their own residence, we will also adopt a risk-based approach and allow more travellers to serve their 14-day SHN at a suitable place of residence. From 1 January 2021, all incoming travellers will also be required to pay for their stay at dedicated SHN facilities, and will be responsible for their inpatient medical bills if they have onset of symptoms of COVID-19 within 14 days of their entry to Singapore.	UFN	Singapore Ministry of Health, 27 October 2020	https://www.moh.gov.sg/news-highlights
Singapore	(Hong Kong SAR) Hong Kong and Singapore have reached an in-principle agreement to establish a bilateral Air Travel Bubble (ATB) on October 14. The key features of the ATB are as follows: (a) there are no restrictions on travel purpose; (b) travellers under the ATB will be subject to mutually recognised COVID-19 polymerase chain reaction tests and would need to have negative test results; (c) travellers under the ATB will not be subject to any quarantine or Stay-Home Notice requirements, or a controlled itinerary; (d) travellers under the ATB will be required to travel on dedicated flights, i.e. these flights will only serve ATB travellers and no transit passengers or non-ATB travellers will be allowed on board; and (e) the ATB can be scaled by adjusting the number of dedicated flights upwards or downwards, or even suspended, in line with the latest developments and COVID-19 situation in the two cities.	UFN	Hong Kong and Singapore Governments, 14 October 2020	https://www.info.gov.hk/gia/general/202010/15/P2020101500440.htm
Solomon Islands	Prime Minister Manasseh Sogavare has directed the Government's Covid-19 Oversight Committee to consider imposing travel restrictions from very high-risk countries in view of the current worsening global covid-19 situation.
