American Samoa	State of Emergency is extended until 18 May 2021. Color-coded system to guide response. Current level is Code Blue. All entry permits suspended until further notice. All travellers must provide negative COVID-19 test results within 72 hours before arrival and are subject to full quarantine of 14 days. Moreover, the traveller is required to disclose if he/she had a positive result prior to testing negative. Cargo flights into the Territory to deliver or retrieve cargo or mail will be allowed, provided that each occupant of the plane must furnish proof to the Director of Health of a negative COVID-19 test results within 72 hours before arrival, and further provided that no one will disembark without the prior written approval of the Governor.	Until 18 May 2021	American Samoa Government, 15 April 2021	<a href="https://www.americansamoa.gov/">https://www.americansamoa.gov/</a>
Australia	A Biosecurity Determination has been made to temporarily stop all travellers (including Australian citizens and permanent residents) entering Australia if they have been in India in the 14 days prior to departure. This means that the automatic exemptions and individual exemption categories outlined in the Commissioner's Guidelines and Operational Directives do not apply to travellers from India while this Determination remains in effect. The restrictions do not apply to Australian Government facilitated flights and emergency medical evacuation flights	Until 15 May 2021	Australian Department of Home Affairs, 30 April 2021	<a href="https://www.health.gov.au/ministers/the-hon-greg-hunt/mp/media/travel-arrangements-to-be-strengthened-for-people-who-have-been-in-india">https://www.health.gov.au/ministers/the-hon-greg-hunt/mp/media/travel-arrangements-to-be-strengthened-for-people-who-have-been-in-india</a>
Australia	Quarantine free travel between Australia and New Zealand will commence at 21:59 AEST on 18 April 2021. All travellers who have been in either Australia or New Zealand for 14 days can travel by air between Australia and New Zealand quarantine free, without the need to apply for a travel exemption. This includes travellers who have spent all 14 days in either safe travel zone country, or people who have travelled between the two countries and are returning within the 14 day period. All people residing in Australia or New Zealand (including foreign nationals) can use quarantine free travel, as long as they meet the health, immigration and other standard border clearance requirements in each country. All travellers should check the arrangements in their place of arrival and their place of final destination as quarantine requirements may apply in certain circumstances.	UFN	Australian Department of Home Affairs, 22 April 2021	<a href="https://covid19.homeaffairs.gov.au/">https://covid19.homeaffairs.gov.au/</a>
Australia	Unless arriving to Australia on a quarantine-free flight from New Zealand, travellers to Australia (including Australian citizens) must quarantine for 14 days at a designated facility in their port of arrival. See Coronavirus (COVID-19) advice for travellers. You may be required to pay for the costs of your quarantine.	UFN	Australian Department of Home Affairs, 24 March 2021	<a href="https://covid19.homeaffairs.gov.au/">https://covid19.homeaffairs.gov.au/</a>
Australia	A negative COVID-19 Polymerase Chain Reaction (PCR) test result taken 72 hours or less before your scheduled departure is required for travelling to or transiting through Australia unless you are travelling on a quarantine-free flight from New Zealand.	UFN	Australian Department of Home Affairs, 19 March 2021	<a href="https://covid19.homeaffairs.gov.au/">https://covid19.homeaffairs.gov.au/</a>
Australia	Before you travel to Australia, you should complete the Australia Travel Declaration at least 72 hours before your departure for Australia.	UFN	Australian Department of Home Affairs, 11 March 2021	<a href="https://covid19.homeaffairs.gov.au/">https://covid19.homeaffairs.gov.au/</a>

Commonwealth of Northern Mariana Islands	The CNMI is establishing a process to consider modified quarantine for returning residents who plan to quarantine on Saipan.	UFN	CNMI Government, 16 March 2021	<a href="https://governor.gov.mp/covid-19/travel/">https://governor.gov.mp/covid-19/travel/</a>
Commonwealth of Northern Mariana Islands	All passengers who are travelling into Saipan (regardless of point of origin) must quarantine for a minimum of 5 - 7 days at their designated government quarantine facility. Currently, COVID-19 vaccination prior to entering CNMI does not influence quarantine assessment and process. Upon arrival at their designated government quarantine facility, all travelers are required to undergo 1 <sup>st</sup> day testing. In addition, all travelers are required to test a second time on the 5th day after their arrival date. If 5th day testing returns negative, individuals may be released from the designated government quarantine facility. French Polynesia	Entry And Stay Conditions From May 1st 2021 The new entry and stay protocols take into account vaccinated travelers and those who are immunized in order to continue managing the health situation in The Islands of Tahiti and to protect its population as well as its visitors. These new protocols are applicable to travelers coming from the United States and travelers from France and other countries who are restricted to the three compelling reasons (health, family, work). Regarding "other travelers": Upon arrival, non-vaccinated and non-immunized travelers will all have to quarantine for 10 days in Tahiti, whatever the results of their test is. Travelers under 6 years old will be not subject to quarantine. Children over 6 years of age who are unvaccinated, not immune or tested positive to COVID-19 are subject to quarantine which will be imposed on the entire family. Tests upon arrival and during the stay will be at travelers' expense as soon as the payment plan will be implemented by the Government. Hawaii	Governor Ige issued the nineteenth supplemental proclamation, which includes mention of an anticipated new exception for vaccinated travelers that will become effective only upon approval by the director of the Hawaii Emergency Management Agency. This exception is not available as of today. All transpacific travelers are required to have a negative test result from a trusted travel partner before their departure for Hawaii, in order to bypass the mandatory 10-day quarantine. Test results will not be accepted once a traveler arrives in Hawaii. Travelers who do not have a negative test result prior to departing for Hawaii must self-quarantine for 10 days.	Until 8 June 2021	Office of the Governor of Hawaii, 9 April 2021	<a href="https://www.hawaitourismauthority.org/covid-19-updates/state-and-county-orders/">https://www.hawaitourismauthority.org/covid-19-updates/state-and-county-orders/</a>
Japan	From March 19, 2021, all travelers including Japanese nationals have to submit a certificate of negative test result conducted within 72 hours (from the sampling time to departure time of the flight) when entering Japan. Those who do not submit a certificate of negative test result will be denied entry into Japan in accordance with the Quarantine Act. Airline companies will reject boarding those without one. Please consult with Embassies or Consulates or Consular Office of Japan in case it is truly difficult to obtain the certificate of negative test result. Malaysia	Malaysia will temporarily bar flights and transits from and to India to curb the spread of the new Indian COVID-19 variant in the country beginning 28 April 2021. The ban will also apply on ships with travel history to India over the past 14 days, except for Malaysian travellers and crew members subjected to mandatory 14-day quarantine before entry. Indian citizens with a valid Malaysian work permit will also be denied entry to Malaysia as well as international students and business travellers from India. But foreigners who are spouses to Malaysians are allowed to return. Recently, our government has introduced the new Standard Operating Procedures (SOP) for foreign returnees from countries with reported SARS-CoV-2 Variant of Concern (VOC) to stem the spread of these new COVID-19 variants in Malaysia. The returnees need to take a swab test three days before departure to Malaysia and undergo quarantine at designated centres, with the 10-day quarantine period being extended to 14 days. Besides, the returnees, among others, need to use the MySejahtera app to register the QR code upon arrivals in Malaysia and undergo another swab test on the 10th day of the quarantine. In fact, the Sabah state government has also decided to ban India, France, America, Africa and Brazil nationals from entering the state in view of these COVID-19 variants effective 28 April 2021. Singapore	Border measures for Bangladesh, Nepal, Pakistan, Sri Lanka, Thailand, Fiji and Vietnam. From 1 May 11:59pm, all Long-Term pass holders and short-term visitors with recent travel history (including transit) to these countries within the last 14 days will not be allowed entry into or to transit through Singapore. Travellers with recent travel history to these countries, who have yet to complete their 14-day Stay-Home Notice (SHN) by 2 May 11:59pm, will need to a. Complete an additional 7-day SHN at dedicated SHN facilities. b. Undergo COVID-19 Polymerase Chain Reaction (PCR) tests on-arrival and on Day 14 of their SHN c. Take another test before the end of their 21-day SHN period. Given the increased risk of community spread in Thailand, all travellers entering Singapore from 2 May who have a travel history in the past 14 days to Thailand will be required to serve a 14-day SHN at dedicated SHN facilities. Travellers from Fiji and Vietnam are still allowed to apply to opt out of dedicated SHN facilities and serve their 14-day SHN at their place of residence, if they fulfil the following criteria: a. Travelled to no other country/region than above-mentioned[1] countries, in the last consecutive 14 days prior to entry; and b. Are occupying their place of residence (i.e. residential address) alone, or only with household members who are also persons serving SHN with the same travel history and duration of SHN. COVID-19 PCR tests will continue to be administered before the end of the SHN.	UFN	Singapore Government, 30 April 2021	<a href="https://www.gov.sg">https://www.gov.sg</a>
